

**Students will gain:**

- Classroom & clinical experience
- Preparation for the NREMT certification exam and professional licensure
- Exposure to the pre-hospital healthcare industry
- A head start on the path to healthcare, fire department, and emergency response careers

Due to grant funding,  
**the cost of this class is greatly reduced for most students**, including all fees and supplies.

Are you  
ready to  
start your  
healthcare  
career?

**ECP 130 Emergency  
Medical Technician**
