Sylvan ACT Prep Course

Our ACT Prep Course starting January 29th consists of 28 hours of verbal, math and science instruction in-center and a full year access to SylvanPrep.com. Two manuals are provided and a diagnostic ACT as well as four practice tests are available. We recommend the diagnostic be taken prior to the start of the prep course, and at least two practice tests be taken during the course. There is some homework assigned to give students the opportunity to practice the strategies taught during the course.

5:45-7:45 PM Verbal Instruction Mondays

5:45-7:45 Thursdays Math/Sci Thursdays

January 29th

February 1st

February 5th

February 8th

February 12th

February 15th

1st Practice Test 3-3 ½ hours can be taken February 19th 10:30 (starting time) or 24th 8:00-11:30 am

February 19th

February 22nd

February 26th

February 29th

March 4th

March 7th

March 11th

March 14th

2nd Practice Test should be scheduled with the Sylvan office before or during Spring Break.

There are two more practice tests available for you to schedule at your convenience. Tuition is due no later than the first class. Materials cannot be taken home until the course is paid in full. SylvanPrep online is available to you once tuition is paid.

If you miss a class, you are responsible to review the section on your own before the next scheduled session. Missed sessions cannot be made up nor deducted. Talk with the instructor to find out which section(s) you need to cover before the next class. SylvanPrep practice will be helpful also if you miss a session.

Our partners at SylvanPrep.com updated the ACT online tests to better match the layout and tools of ACT's online testing. We recommend students take their practice tests using SylvanPrep.com's online test option. However, if a student wants to practice strategies with a paper/pencil practice test, we can provide that option also. Remember to bring your calculator and a watch to the pre-test and practice tests. If you take a practice test at home, please have someone time you following all the time requirements so you can be prepared for the actual ACT.

SylvanPrep Online: Your At-Home Link

SylvanPrep Online is your ACT Preparation resource. This tool can be utilized via your internet browser on your personal computer or the browser on your tablet. This test-prep tool provides detailed video explanations for all Diagnostic and Practice Test questions and for skills assessed on the ACT. The tool also supports vocabulary building via the WordSmith tool. You will have access to this resource for an entire year once your ACT Prep course is paid in full. You can continue to review video content and strengthen your vocabulary up until and after test day. Video lessons and WordSmith activities will be assigned as homework following each lesson to help reinforce concepts, strategies and skills covered by the instructor at Sylvan. Then, you will be asked to complete activities related to what you learn from your activities on SylvanPrep Online. You will receive an email with the site information and a password, which you can change after you enter the site. Please call /text us at 443-9205 if you have any questions. ***Thank you!***
