2025

Bengals
H E L E N A

Hello Bengals,

I'm thrilled to welcome you all to another exciting season of Bengal basketball! As we gear up for the year, I can already feel the energy and potential this group brings. Our program continues to grow stronger each season, and I couldn't be more excited to get started with this year's athletes and families.

This year, we're also adding a new face to our coaching staff — Coach Josh Wigen, who will be leading our freshman team. Coach Wigen is not only a passionate basketball mind but also a teacher here at Helena High. His energy, commitment to student-athletes, and knowledge of the game will make him a great addition to our Bengal basketball brotherhood.

Our goals remain the same — to build a program centered on teamwork, discipline, growth, and pride, while developing outstanding young men both on and off the court. We want every player to sharpen their skills, compete with heart, and represent Helena High with excellence.

I look forward to working with your sons and seeing the continued development of our Bengal basketball culture. Thank you for your ongoing support — it means the world to our players and coaching staff.

Let's make this season one to remember!

Go Bengals!
Coach Brandon Day
